- \* We accept learning as the fundamental purpose of our school, and therefore are willing to examine all practices in light of their impact on learning.
- \* We are committed to working together to achieve our collective purpose. We cultivate a collaborative culture through the development of high-performing teams.
- \* We assess our effectiveness on the basis of results, rather than intentions. Individuals, teams, and schools seek relevant data and information, and use that information to promote continuous improvement.
